CALL TO ORDER/PLEDGE OF ALLEGIANCE

Chairman Owens called the meeting of the Rutherford County Board of Commissioners to order. Commissioner Lovelace led in the Pledge of Allegiance.

PUBLIC COMMENTS

Ms. Amy Drum asked that the Board reconsider a decision to relocate the Haynes Library to Cliffside. The library had been located in Cliffside originally, but had been moved to Henrietta when the Haynes Memorial Building which had housed the library had been demolished. Ms. Drum had offered a building which she owns in Cliffside as a home for the library, but the offer had been declined. She asked that the Commissioners allow the library to return to its original home in Cliffside.

Mr. Boyce Abernathy discussed transparency in Rutherford County government. He asked that he be placed on the November County Commissioners agenda to discuss the need for a yearly and monthly report to the citizens telling them of the profit or loss for the Rutherford County Airport, the Emergency Medical Services, and the Solid Waste Department.

Commissioner Richard asked that Mr. Abernathy be placed on the November County Commissioners' agenda.

Mr. Aaron Vassey spoke to the Board regarding a petition that had been signed by a number of citizens supporting the naming of two separate bridges in Rutherford County in honor of Captain Roy Huskey and Sergeant Owen Messersmith who were employed with the Rutherford County Sheriff's Department and were killed in the line of duty on May 31, 1979. The signage of each bridge costs \$2,000. The North Carolina Department of Transportation will fund half of this amount. He asked that the additional funding of \$1,000 per bridge be funded by Rutherford County.

Ms. Betty Frye told the Board that there is a problem in Rutherford County in taking care of those suffering from mental illness. A place is needed for those who have stopped their medication that is safe and that would be available to them until a bed is available in a psychiatric hospital.

APPLIED SCIENCES CENTER/COMMISSIONERS OWENS AND ECKLER

Chairman Owens spoke about the role in education that had traditionally been called vocational education and is presently called applied sciences. This has become increasingly important due to high-tech manufacturing jobs and the specialized knowledge and skills required to design, operate, and maintain modern manufacturing equipment. Recent discussions at the State and local level have sought to find a cost-effective way to best train Rutherford County students to take advantage of these career opportunities and to educate skilled employees for current and future local manufacturers.

Vice Chairman Eckler moved to direct the County Manager to work with the School Superintendent and the President of Isothermal Community College to discuss, investigate, and report back to the County Commissioners on creating an Applied Sciences Center that will prepare Rutherford County students for trade and technical careers serving industry in Rutherford County and surrounding region. He further moved to direct and authorize the County Manager to apply for and execute grant funding to further the discussion and investigation of an Applied Sciences Center.

If the resolution is approved by the Board and the NCDOT, the signage for each bridge is \$2,000 per bridge. Half of the \$2,000 would be paid by the state. It was requested that the Board of Commissioners pay the additional \$1,000 per sign.

Commissioner Richard moved to approve the resolution and the budget amendment approving the county's contribution. Vice Chairman Eckler seconded the motion. The motion passed with Commissioners Owens, Eckler, Holland, Lovelace, and Richard voting aye; no Commissioner voting no; no Commissioners excused; and no Commissioners absent.

Owen Messersmith.

Adopted this the 7th day of October, 2012.

RECORDS RETENTION SCHEDULE

The Department of Cultural Resources has added amendments to the Record Retention Schedules for the following departments: County Management, Revenue, and Register of Deeds. These had been submitted to the Commissioners for their approval in order to begin using these new

Minutes of Meeting of Rutherford County Commissioners on October 7, 2013

amendments along with their corresponding retention schedules.

Commissioner Lovelace moved to approve the records retention schedules for the County Manager, the Revenue Department, and the Register of Deeds. Vice Chairman Eckler seconded the motion. The motion passed with Commissioners Owens, Eckler, Holland, Lovelace, and Richard voting aye; no Commissioner voting no; no Commissioners excused; and no Commissioners absent.

BUDGET AMENDMENTS

Isothermal Community College had submitted two equipment requests to be funded from their capital funds. To maintain their grounds, a lawnmower (approximately \$5,000) and a tractor and bush hog (\$28,192.93) are needed. Total budget is \$33,200.

Also, a narrative was included in the agenda explaining how the County will be handling financing for tax foreclosures. The Rutherford County Finance Office will be using a similar process for all foreclosure proceedings, including those at Queens Gap and Grey Rock, mortgage style and in rem foreclosures. To process documentation and record the deed in the name of Rutherford County, the Finance Office will need to prepare checks to the Clerk's Office, Revenue Department and the Register of Deeds or to the Attorney's Trust Account for the disbursements to be made. A copy of the documentation will be stored in the Finance Office.

The transaction does not require a budget amendment because when complete, Rutherford County will have the majority of the funds back (through the payment of ad valorem taxes) and will have the asset (land) on the books as Held for Sale — In Rem Property, Held for Sale—Queens Gap Property, Held for Sale-Grey Rock Property and Held for Sale — Mortgage Style Foreclosure Property. Due to the number of transactions anticipated to be completed in the upcoming months, the Finance Office asked to document the procedure and inform the Commissioners of how they will be handled. Budget amendments will not be needed except for legal fees.

Rutherford County Schools is applying for a School Resource Officer Matching Grant from the Department of Public Instruction which is due October 11, 2013. The Sheriff's Office and the School Board are working closely to complete the application in the next few days. Through the grant, a new position would be funded and an existing Sheriff's Office position would be used as the matching funds. No additional funding from the County would be needed, if awarded. A budget amendment will be submitted once the School Board receives notification of an award

Vice Chairman Eckler moved to approve the budget amendments. Commissioner Holland seconded the motion. The motion passed with Commissioners Owens, Eckler, Holland, and Lovelace voting aye; Commissioner Richard voting no; no Commissioners excused; and no Commissioners absent

SPECIAL PRESENTATION - NCACC VIDEO

A short video was shown that was prepared by the North Carolina Association of County Commissioners. The video included an introduction from NCACC President Ray Jeffers and featured NCACC staff updating Commissioners on Steering Committees and how Commissioners can participate. Also included was an overview of an upcoming seminar on the Affordable Care Act and how it affects counties, as well as, the Association's Risk Management Services

VEHICLE TAX APPEAL

The Revenue Department had received an appeal for a registered motor vehicle tax bill. The owner had filed the appeal in a timely manner, and it must be heard by the Board of Commissioners.

The Revenue Department recommended denying the request as it has been determined that the value placed on the vehicle by the Revenue Department is the fair market value of the vehicle as of January 1, 2013 which is the required appraisal date.

Commissioner Lovelace made a motion to deny the appeal. Vice Chairman Eckler seconded the motion. The motion passed with Commissioners Owens, Eckler, Holland, and Richard voting aye; Commissioner Holland not voting; no Commissioner voting no; no Commissioners excused; and no Commissioners absent.

WATER/SEWER INFRASTRUCTURE DEVELOPMENT

At its 2013 Goals Setting Workshop, the Board of Commissioners made expansion of infrastructure one of its highest priorities. Responses to this goal included funding for the water line to the Airport and completion of pending water and sewer grants. Article VI of Appendix A, Rutherford County Code, calls for “a portion of the one cent sales tax” to be allocated to a water and sewer infrastructure program but, due to budget constraints, this allocation was ended with the FY2011-12 budget ordinance.

The financial constraints facing the County in preparing the FY2011-12 budget are no less today and even more challenging in many ways. Further, the 12-13 General Assembly removed the water and sewer grant/loan-making authority from the Rural Center, Golden Leaf, Clean Water Management Trust Fund and SRF and placed all of those functions under a new entity within DENR referred to as the Rural Infrastructure Authority. The new Authority is supposed to begin operation in January 2014 but its rules and priorities have not yet been established.

Given the changes at the State level and the budget constraints at the local level, funding for water and sewer line expansion is difficult. The County Manager has been discussing an idea among staff and utility providers that would use the framework of the existing Code but would be funded more on a “pay as you go” model. The model would call for the County to pay 50% or more of a project but 50% of all revenues (not just tap fees) would go towards payment back to the County. Payback should occur within a 10-year period, except in extraordinary cases. All projects would need approval by the governing board of the water and sewer provider and by the County Commissioners. Funds could be used to match State and federal grants so long as the utility provider has provided not less than 10% of the cost of the project in cash or other borrowing (not grant, in-kind, or otherwise).

Capitalization of the water/sewer program would come from a set-aside of County reserves. Applications would be due in the winter/spring, reviewed by a technical committee, and presented to the Board of Commissioners during the budget process. Water and sewer projects that would be part of a County economic development agreement or other economic development incentive would not be subject to the budget process time frame.

Manager Classen said he would review with water/sewer providers the aforementioned and request their input. He would report back to the County Commissioners for further review.

QUEEN'S GAP PROJECT 1/BID

A bid tab and ranking for Queen’s Gap Project 1 had been provided to the Board for their consideration. Mr. David Odom of Odom Engineering recommended awarding the contract to the low bidder which was Clary Hood, Inc. in the amount of \$897,560.40.

Bids were:

Clary Hood, Inc.	\$ 897,560.40
Jerry T. Whitmire Grading, Inc.	\$1,182,528.05
Young and McQueen Grading Company, Inc.	\$1,317,525.55

Manager Classen said the low bid is slightly over budget; however, the largest two stream

crossings are included in this project.

Commissioner Richard moved to approve the low bid from Clary Hood, Inc. Vice Chairman Eckler seconded the motion. The motion passed with Commissioners Owens, Eckler, Holland, Lovelace, and Richard voting aye; no Commissioner voting no; no Commissioners excused; and no Commissioners absent.

GREY ROCK DEVELOPMENT PROJECT 4 PAVING

The bid tab and ranking for Grey Rock Development Project 4 Paving had been provided to the Board for their consideration. Mr. David Odom of Odom Engineering recommended that the contract be awarded to the lower bid by Harrison Construction Company in the amount of \$175,778.46.

Commissioner Holland made a motion to approve the low bid. Vice Chairman Eckler seconded the motion. The motion passed with Commissioners Owens, Eckler, Holland, Lovelace, and Richard voting aye; no Commissioner voting no; no Commissioners excused; and no Commissioners absent.

Bids on the Grey Rock Development Project 4 were:

APAC-Harrison Construction Company	\$175,778.46
Roger Group	\$188,801.53

SOLID WASTE CODE REVIEW

Following the FY 2013-2014 budget discussions and beginning in the summer, staff from the Solid Waste, Revenue, and Finance Departments have been meeting to review solid waste convenience site fee collections. Their discussions and review have led to corresponding discussions about solid waste enforcement, solid waste hauling, and a general review of the existing County Code relating to Solid Waste (Chapter 25). The Solid Waste chapter has not been substantially updated since the 1990's and, over time, practices have been altered so the Code language and practices and current practices are not consistent with one another. Staff will be reviewing the Solid Waste chapter and making recommendations to the Commissioners.

RECYCLING/ENHANCED RECYCLING AND ELECTRONICS RECYCLING

Solid Waste Director James Kilgo provided an update to the Board on Enhanced Recycling and Electronics Recycling. The Enhanced Recycling began on September 24. began about a year ago. There have been glitches, but due to the foresight of staff at Rutherford County's Department of Social Services, these have not been major. NC Fast has proven to be very valuable in the Food and Nutrition Program. The soft launch of Medicaid and Work First began on October 1.

FEDERAL SHUTDOWN

County Manager Classen addressed County programs that are impacted by the federal shutdown. The county will continue to fund the Child Care Subsidy and other programs where funds are available with the hopes that Washington will reach a resolution shortly. If necessary, budgets can be amended later in the year. There is a working group that is addressing this issue and will continue to monitor and report on developments.

REVENUE DEPARTMENT/UPDATE

County Manager Carl Classen gave the Board an update on the progress of the Revenue Department Project. The project is on time and under budget. A problem has arisen regarding the data migration, but the county is spending a lot of time and effort to make sure this works correctly.

Commissioner Richard asked if the County was continuing to do discovery notices. When Manager Classen replied affirmatively, Commissioner Richard asked for a list of the notices.

Manager Classen said he was aware that some citizens had questions about the coefficient of dispersion. Mr. Emmett Curl had agreed to conduct a public workshop and answer questions.

CALL TO ORDER/PLEDGE OF ALLEGIANCE

Chairman Owens called the meeting of the Rutherford County Board of Commissioners to order. Mayor Jimmy Dancy called the meeting of the Rutherfordton Town Council to order. Mayor Dancy led in the Pledge of Allegiance,

INDUSTRIAL INCENTIVE/ECONOMIC DEVELOPMENT/RESOLUTIONS/PROJECT VSC

Economic Development Director Matt Blackwell told those present that he had received a contact from an industrial prospect expressing an interest in Rutherford County. The prospect known as Project VSC for confidentiality would possibly locate a manufacturing component and headquarters in Rutherford County with a forecasted capital investment in the range of \$12-\$14 million over five years. Initial production would commence in the third quarter of 2014 and be fully operational by the fourth quarter of 2015. It would include a total of 76 jobs with an average annual salary greater than the current county average

Rutherford County Economic Development has been challenged by Project VSC to develop a competitive incentive proposal for consideration. To do so, RCEDC partnered with Isothermal Community College and the North Carolina Community College System, Duke Energy, the Golden LEAF Foundation, and the NC Department of Commerce to develop an attractive incentive proposal for Project VSC. The incentive proposal includes consideration by the state for a requested OneNC grant and funding for a customized training program. Additionally, Rutherford County has secured financial support from Duke Energy in the form of a cash grant. Rutherford County will request support from the Golden LEAF Foundation and NC Department of Commerce in the form of cash grants for equipment, building and infrastructure improvements. To complete this package, Rutherford County Economic Development seeks the support of the Rutherford County Board of Commissioners, Rutherfordton Town Council, and Ruth Town Commissioners.

Through the utilization of the Local Industrial Incentive Grant program, Rutherford County Economic Development seeks to provide a portion of the required 100% local matching funds for a requested OneNC grant.

Resolutions were provided to the County Commissioners and Town of Rutherfordton Council which would request authorization for the County Manager to negotiate local property tax grants on behalf of each municipal entity in the approximate amounts:

- Rutherford County: \$228,970
- Rutherfordton: \$106,940
- Ruth: \$52,810

Additionally, approval of the additional resolutions before the Rutherford County Commissioners would provide authorization for the Rutherford County Manager to complete and submit applications for the OneNC Grant Program, the Golden LEAF Foundation Grant Program, and if available and required for this project, the Building Reuse and Restoration Program. If successful in leveraging support from the Golden LEAF Foundation, this grant would also be utilized as a portion of the total local 100% match for a requested OneNC Fund grant.

Vice Chairman Eckler made a motion to approve a resolution entitled: *A Resolution to Authorize the County Manager to Complete and Submit a Golden Leaf Economic Catalyst Grant Application in Support of Project VSC, Considering a Location in Rutherford County.* Commissioner Holland seconded the motion. WHEREAS, the proposed investment by the company, code name VSC, will result in a net increase in property value; and,

Summary: Budget amendments are presented for the Board's consideration.

The Detention Center's 250-gallon water heater broke and poured water into the facility. After review of the existing unit and consideration of alternatives (e.g. tankless system), it is felt replacement is most dependable and a new one more energy efficient.

Action Needed for Approval: Approve budget amendments.

TO: MANAGERS AND COMMISSIONERS OF ALEXANDER, ALLEGHENY, ASHE, AVERY, CALDWELL, CHEROKEE, CLAY, GRAHAM, HAYWOOD, JACKSON, MACON, MCDOWELL, SWAIN, WATAUGA, WILKES, BUNCOMBE, HENDERSON, MADISON, MITCHELL, POLK, RUTHERFORD, TRANSYLVANIA AND YANCEY COUNTIES

FROM: RICK FRENCH, CHAIR, SMOKY MOUNTAIN CENTER BOARD OF DIRECTORS

SUBJECT: SLATE OF PROPOSED BOARD MEMBERS IN COMPLIANCE WITH N.C.G.S. § 122C-118.1

DATE: OCTOBER 30, 2013

You will find attached a slate of Proposed Board Member Nominations for Smoky Mountain Center (SMC). This proposed slate represents the diligent efforts of the Executive Committee of the SMC Board, with representation from the Western Highlands Network (WHN) Board, to create a proposal for the reconstituted Board of Directors, as required by N.C.G.S. § 122C-118.1, which was passed during the 2012 N.C. Legislative Session.

Although the previous board composition statute allowed up to 30 members to serve on the board of an Area Authority, the current statute limits an Area Authority Board to 21 voting members. Further the current statute dictates the criteria for appointing 13 of the members of an Area Authority Board. SMC is required to appoint a Board of Directors that is in compliance with § 122C-118.1., Structure of area board, which provides as follows:

“(a) An area board shall have no fewer than 11 and no more than 21 voting members. The board of county commissioners, or the boards of county commissioners within the area, shall appoint members consistent with the requirements provided in subsection (b) of this section.”[13 categories of members specified in subsection (b).] “The process for appointing members shall ensure participation from each of the constituent counties of a multicounty area authority. If the board or boards fail to comply with the requirements of subsection (b) of this section, the Secretary shall appoint the unrepresented category.”

All other Area Authorities (LME /MCOs) in the State of North Carolina have newly constituted boards in place as of October 1, 2013, the statutory deadline for compliance. SMC, because it has been consolidated with WHN as a single LME /MCO, was given an extension of time within the statute (as amended in 2013 by HB399) to comply with the new

board composition requirements. **The SMC Board of Directors must be reconstituted no later than 30 days following the DHHS Secretary's approval of the SMC-WHN Consolidation Agreement.** It is expected that the Secretary will formally approve the SMC-WHN Consolidation Agreement this week.

At its regular meeting on October 24, 2013, the SMC Board of Directors voted to request that each county within the consolidated 23 county catchment area consider and approve this slate of Proposed Board Member Nominations. Please make every effort to consider this at each of your next scheduled County Commission meetings. Thank you for your consideration.

If you have questions, please do not hesitate to contact me at rfrench@alexandercountync.gov or at (828) 632-9332, ext. 203.

Subject: Western Highlands Update
Date: Saturday, October 05, 2013 8:14:30 AM

Dear Commissioners -

At yesterday's Western Highlands Board meeting, the Board approved what are expected to be the last of the consolidation documents with Smoky Mountain Center. The new entity does not have a name but will receive one when the new Consolidate dEntity Board is established, which is required within thirty days of the signed agreements. The Smoky board has already approved the agreements so the signatures should be a formality at this point.

Per discussion at the September Commissioners meeting, State law limits the new board to 21 members, 13 of which are delimited by State law to essentially family or provider representatives. The remaining 8 are undesignated and are proposed to be representative of the 23 counties making up the Western/Smoky area agency. The current proposal is that the initial board will contain 4 county managers from the former Smoky area and four from the former Western area.

The Legislature also authorized something called a County Commissioners Advisory Committee to which each County may appoint one Commissioner..

Several counties are already petitioning the Legislature to change the Board representation statute to include, at a minimum, representation from each County or Board of Commissioners.

As emailed you earlier this week, there will be a meeting in Asheville the evening of October 16 to discuss the method for nominating this new Board. Plead let me know if you would like to attend.

The slate of the new Consolidated Board will be on the November County Commissioners agenda so as to meet the 30-day deadline under State law for making appointments to the new Consolidated Entity Board.

Lastly, during yesterday's meeting, I asked whether the Rutherford County dissolution funds are carrying through to Smoky's books and into the new Consolidated entity, I was assured that was happening.

Please contact me with any questions.

Subject: FW: Board Composition - Western Highlands/Smoky
Date: Monday, October 28, 2013 4:57:58 AM

Dear Commissioners -

The Smoky Board has concurred with the Western Highlands Board on the composition of an initial Board for the new Western/Smoky consolidated Board. A summary of the Smoky Board's discussion and all the counties' frustration with the current law is outlined below by Western Chairman/Mitchell County Manager Charles Vines. The new Board is thought to be an interim board in hopes that next year the Legislature will change the law to allow each of the member counties a vote on the Board.

This slate for the interim board will be on the Commissioners November Agenda.

Please contact me with any questions.

Subject: Board Composition

Good morning to all,

Yesterday the executive committee/transition team met for 2 hours prior to the SMC Board Meeting at 4:30 pm which let out at 8 pm. At the executive/transition meeting there was a lengthy discussion of the slate of directors for SMC to be forwarded to the 23 Boards of Commissioners. It was decided that the slate of directors with a couple of changes one from CFAC and adding Marche Pittman (Polk County) for Artie Wilson as one of the WHN four nomination that was proposed by Michael Lavender/Artie Wilson at the last combine meeting we had with county commissioners last week would be forwarded to the SMC Board. There was about a 2 ½ hour discussion with those in attendance yesterday afternoon and last night. A motion was made by Judy Poe to nominate to the 23 county commissioner boards the 21 names plus a recommendation to the Secretary (Ed Tarleton) as a suggestion for the Secretary's appointment and was seconded by Larry Cox and the motion carried by a vote of 12 to 11. SMC will send out these names to the counties next week for consideration and approval. There is indication that the Secretary will sign the merger documents before by the end of October. This means the new board must be in place 30 days after her signature.

I was given time at the meeting to speak to those present about how the process has gone between SMC and WHN. I stated that my opinion was very well and the professionalism of the Smoky Mountain CEO and staff was great. During the transition the staff took holt of the situation and moved forward to make the transition as smooth as possible with the least interruption with the staff, to include making sure those who needed services came first. I also spoke to the situation about the board composition that the responsibilities for the current composition was established by our legislative body and since this is currently the law we must abide by it or if the LMC or MCO does not comply with the composition

then the Secretary of DHHS has the authority to appoint the board. It is apparent that none of the WHN/SMC counties does not like the current proposed composition of the board by the legislators because they are concerned about accountable. There was some very good discussion but mostly the displeasure with the State because every county did not have representation on the board.

During the Finance meeting yesterday it was stated by Lisa Slusher that the amended budget to include WHN funding from Oct – Sept 2014 for the Fiscal Year was going to be three hundred and five million dollars. I believe this is what is driving the discussion as to why the counties don't have representation on the SMC Board as a voting member.

I will continue to keep you updated as the progress of the SMC Board and once we get official notice from the Secretary about WHN being dissolved. In early November I will call a Special Meeting (Annual Meeting) to appoint officers for the coming year or until such time we dissolve WHN. The nomination committee has finished their work and is ready to make a recommendation to the board but we can't until November.

Have a wonderful weekend.
