Electrical Contractor \_\_\_\_\_ License # \_\_\_\_\_

Please initial beside each item below as statement that you have read and understand.

- Section AG105 of the NC Building Code requires that an adequate barrier (fence) be provided to control access to ALL swimming pools. \_\_\_\_\_
- I have been given a copy of the NC Building Code requirements for swimming pools/spas which includes the specific requirements for the barrier (fence). \_\_\_\_\_
- I understand that the barrier (fence) shall be in place prior to placement of water in the completed pool to minimize any risks. \_\_\_\_\_
- As a pool contractor, I understand that any agreement entered into with the homeowner for barrier (fence) placement does not alleviate my responsibility for code compliance and liability for the project. \_\_\_\_\_
- I understand that failure to call for a final inspection can result in further action being taken by this department as deemed necessary, including denying additional permits or revocation of power. \_\_\_\_\_

\_\_\_\_\_

I certify that I am the homeowner or contractor for this job and all information is true and complete to the best of my knowledge. Furthermore, all work will be completed according to state and local codes.
