

Thermal Belt Rail-Trail of Rutherford County

Recognition of Project Partners

Celebration!

TUESDAY, AUGUST 25, 2015 at 6:00 p.m.

BECHTLER MINT SITE

342 Gilboa Church Road, Rutherfordton, NC

Everyone is invited!

Beginning May 19 of last year, a portion of the Thermal Belt Rail-Trail underwent a series of enhancements and as a result, an approximate two-mile segment of the trail has been paved, trail signage mounted, mile post markers installed, and over five miles have received newly compacted stone improvements. Our county's heritage and scenic beauty are showcased along this trail, and preserving the rail corridor has added value to the recreation experience for the citizens and visitors of Rutherford County. For eight miles (one way), hikers and bicyclists can spend all day taking in the sights along this scenic route. For more information regarding the trail, visit the website at www.ncrailtrails.org/web/trails/thermal-belt or call Danny Searcy 828.287.6300.

This opportunity was made by the following partners:
